A screenshot of the ImageOptim application window on a Mac. The window has a title bar with red, yellow, and green window control buttons. Below the title bar is a table with three columns: 'File', 'Size', and 'Savings'. There are two rows of data, both with green checkmarks in the first column. At the bottom of the window, there is a summary bar showing a plus icon, the text 'Saved 59.5KB out of 214.5KB. 41.8% per file on average (up to 61.2%)', and a circular arrow icon followed by the word 'Again'.
